

GROFF TRACTOR OPEN HOUSE

PART DOZER. PART LOADER. ALL BEAST.

Come see the **CASE Minotaur™ DL550** — an all-new, **industry-first equipment category: the compact dozer loader**. The integrated C-frame delivers true dozer performance and the agility and finesse of a loader. The CASE Minotaur DL550 gives you the option to tear it up with a first-of-its-kind fully integrated rear ripper option. You can also add the precision technology of your choice with CASE Universal Machine Control.

HERE ARE 5 REASONS TO ATTEND:

- 1 The **CASE Minotaur Roadshow is in town**; stop by for a chance to see the all-new, industry-first compact dozer loader!
- 2 Be one of the **FIRST customers in North America** to view the **all-new CASE E-Series excavators** with OEM-Fit machine control!
- 3 Take a **tour** of the **Groff Telematics Uptime Center** and stop by the **Precision Construction Machine & Tool Display** to learn how Groff can support your efforts!
- 4 Connect with members of the **Land Improvement Contractors Association (LICA)**!
- 5 **Come meet local dirt track racing stars** and show them your support as they gear up to compete in the **World of Outlaws** series, sponsored by CASE Construction!
(See reverse side for more info)

SO SMOOTH. SO POWERFUL. SO PRECISE.

Be one of the first to see the all-new **CASE CX365E** — the new E-Series range has many new features that integrate and work together to deliver market-leading uptime, productivity, and profitability for customers. **When combined, the new Stage V FPT engines, Case Intelligent Hydraulic System (CIHS), new work modes, telematics, optimized cab control layout and improved visibility lead to greater controllability and precision.** In turn, this results in safer, more productive, and more profitable operations. The new E-Series is delivering a competitive advantage to customers.

OPEN HOUSE DETAILS

Join us at our **Mechanicsburg, PA branch on Wednesday, September 28th** for 1 of our 2 sessions between **11 AM – 2 PM** and **4 PM – 7 PM**. Enjoy **lunch** or **dinner** with us and check out the all-new DL550 + CX365E and even take a tour of our Telematics Uptime Center to see how our team helps you protect your investment and keeps you running more efficiently.
We are excited to see you!
